Here you can upload a log (.TQ8) or certificate-request (.TQ5) file.

TQSL 2.0 will upload TQ5 certificate request and TQ8 signed log files automatically if you are connected to the internet however there may be times when you won't have internet access in which case you will save the file to be uploaded later. You may upload the file in the **Upload File** section of your LoTW user account.

A successful upload of a TQ8 signed log file will result in a message

...file queued for processing

A successful upload of a certificate request will result in a message that ends with

...Your certificate request processing is completed.

Logbook of The World only accepts TQ (Trusted QSL) files. (TQ5 or TQ8) You cannot upload any other type of file or you will receive the following message:

...does not appear to be a TrustedQSL file! Type: None Processing aborted.
